

BE WARNED!

Heed nature's warning! Pain tells of lurking disease. Backache is kidney pain—a warning of kidney ills. Urinary troubles, too, come to tell you the kidneys are sick. Constant weariness, headaches, dizzy spells, days of pain, nights of unrest, are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's disease, and said they could do nothing to save me. My back ached so I could not stand it to even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time, but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

SURE ENOUGH.

"People nowadays," said the old house cat, "don't know how to raise children. They let the youngsters have their own way too much."

"That's right," replied the old brood-hen. "Now look at these chicks of mine. They wouldn't have amounted to anything if they hadn't been eat upon."—Philadelphia Press.

IT COSTS ONE CENT

RADIATION FROM MAGNETS.

A Curious Manifestation of Energy Recently Detected.

A curious manifestation of magnetic energy has recently been detected with a luminescent screen, such as is employed in the study and examination of the new X-rays. M. C. Gutton has ascertained that effects similar to these rays are obtained if a phosphorescent screen is placed in a non-uniform magnetic field. Using a screen painted in small spots and exploring the vicinity of a bar magnet, he has found that the patches nearer the poles were brighter than those at the middle. That this effect was not due to X-rays was proved by inclosing the magnets in a lead box which would act to cut off this form of radiation. The same result was also obtained when the screen was inclosed in a vacuum. It was soon found that the magnetic field must not be uniform in order to produce the effect, as even with the strongest fields no increase in luminescence was obtained where they were of uniform intensity. When the lines of force are not parallel, the best results are secured. The phenomenon does not appear as yet to be understood satisfactorily, as there does not seem to be any way of accounting for the energy which acts on the screen that can explain the necessity for a lack of uniformity in the field.—Harper's Weekly.

WISE WORDS.

Virtue for a wage is first cousin to vice.

A money spendthrift is a moral suicide.

The blind child can see its father's love.

Home-made yokes are always heaviest.

Few men can argue about religion and keep cool.

One side of an argument is always less than half of it.

A spoiled child is almost as bad as one that is too fresh.

The shadows are longest when the sun of faith is lowest.

The sense of our baseness may be the ballast of the soul.

Getting the best of an argument isn't always worth the time.

After buying experience a man seldom boasts of his bargain.

You can easily make a man hot by rubbing him the wrong way.

The physician doesn't always preach, but he has to have a practice.

Reverence for age is a fair test of the vigor of youth.—Charles Kingsley.

Fortune isn't a question of gender, although there is such a thing as misfortune.

The worm that works in the trunk is always advertised somewhere on the branches.

If prayer always brought material profit it would soon be the prey of the speculator.

There is something to prayer more than shutting your eyes and opening your mouth.

Money helps us over some hard places, but cannot be depended on to bring us a contented spirit.

Take thy self-denials gayly and cheerfully, and let the sunshine of thy gladness fall on dark things and bright alike, like the sunshine of the Almighty.—J. F. Clarke.

As a man travels on in the journey of life, his objects of wonder daily diminish, and he is continually finding out some very simple cause for some great matter of marvel.—Washington Irving.

Causing Iron to Swim.

Elisha required a stick to make the axe of iron swim. We have never learned the properties of that stick. But there is a pretty trick of causing a piece of iron to swim of its own accord. Let it be a half inch thick, say, and two inches square, or have it round, and perfectly smooth on one side at least. Place the smooth side against the perfectly smooth, square end of an open glass tube, say, an inch and a half in diameter, and hold it there until it and the tube are lowered into a vessel of water to a depth greater than about eight times the thickness of the iron. Remove the hand and the iron will remain in its place, the upward pressure of the water preventing its sinking. This is the principle of the iron ship.—New York Press.

Humorous Rebukes.

Archbishop Ryan was once called upon by a priest who said his health required that he take a vacation. The priest's frequent absences from his parish were notorious, so the archbishop said to him: "My dear Father Scandso, if you need a change of air I would suggest that you try the air of your own parish for a month or two." At another time the archbishop rebuked a priest for wearing a disreputable looking silk hat. "But I would not give up that hat for twenty new ones," said the priest. "It belonged to my father, who fell in the rising of '48." "Ah," was the archbishop's retort, "and evidently he fell on the hat."

"I Have Every Reason to Praise Pe-ru-na,"

WRITES MRS. KANE, OF CHICAGO.

Mrs. K. Kane, 172 Sebor Street, Chicago, Ill., writes:

"Peruna has been used so long in our family that I do not know how I could get along without it. I have given it to all of my children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health. I have also used it for a catarrhal affluency of long standing and it cured me in a short time, so I have every reason to praise Peruna."—Mrs. K. Kane.

Pe-ru-na Protects the Entire Household Against Catarrhal Diseases.

One of the greatest foes with which every family has to contend is our changeable climate. To protect the family from colds and coughs is always a serious problem, and often impossible.

Sooner or later it is the inevitable fate of every one to catch cold. Care in avoiding exposure and the use of proper clothing will protect from the frequency and perhaps the severity of colds, but with the greatest of precautions they will come. This is a settled fact of human experience. Everybody must expect to be caught somewhere or somehow.

Perhaps it will be wet feet, or a draught, or damp clothes, or it may be one of a thousand other little mishaps, but no one is shrewd enough to always avoid the inevitable catching cold.

There is no fact of medical science better known than that Peruna cures catarrh wherever located. Thousands of families in all parts of the United States are protected from colds and catarrh by Peruna. Once in the family Peruna always stays. No home can spare Peruna after the first trial of it.

We have on file many thousand testimo-

Mrs. A. Hobson, 225 Washington St., Lansing, Mich., writes:

"Peruna has been such a blessing to my youngest child, as well as myself, that I feel inclined to give my testimonial. He has always suffered from catarrh of the head and throat, and I had to use extra precautions so as not to have him exposed to damp or cold weather. Last year he was taken with a gripe, and as it was a severe case, caused me much anxiety. No medicine helped him until he took Peruna. I noticed an improvement at once and in three weeks he was a different child; the gripe had been completely cured and I noticed that the catarrh was much better. He kept taking it two weeks longer, when he was entirely well. I now use it up and on for colds, cramps, indigestion or general indisposition, and find it superior to any doctors or medicine I ever tried. It keeps me, as well as my child, in perfect health, and I gladly recommend it to mothers."—Mrs. A. Hobson.

nials like the ones given above. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic and grateful letters of thanks as Dr. Hartman for Peruna.
